SPECIFICATION/COMMISSIONING WORKSHOP FOR POWER ENGINEERS

I would like to invite you to the **Threepwood Consulting Specification/Commissioning Workshop** to be held near Wakefield on Tuesday 17th October.

Ian Naylor
Principal Consultant

It is expected that the workshop will be attended by staff from DNOs, Industrial Network Operators and Manufacturers. We have a wide range of speakers talking about electrical Plant and Equipment used on the HV and LV networks.

The agenda items will include the following Specification and Commissioning related discussion, based on case studies:

- Legal aspects of Standards and Specifications;
- Recent changes in Regulations;
- Manufacturers Perspective of Plant & Equipment Specifications;
- Type and Routine test pitfalls;
- Factory Acceptance Testing;
- Commissioning Plant & Equipment.

The agenda aims to provide guidance for anyone involved in Specification writing and is ideal for both new and experienced engineers in the Power Industry.

You are also invited to join us the day before (Monday 16th October at 14.00) to visit the National Coal Mining Museum where we are going on an underground tour. This will be followed by a conference dinner at the hotel.

AGENDA (MAYBE SUBJECT TO CHANGE)

Any Other Business All

15:00 Close of Meeting

The workshop offers an insight into best practice and guidance under the topic of Plant & Equipment Specifications and Commissioning, enabling businesses to address electrical network procurement efficiencies, reduce risks and improve performance. The Workshop is aimed at users and suppliers of electrical plant and equipment.

The registration fee is £300 (£250 + VAT) per delegate and includes the one day workshop with lunch and refreshments, hotel accommodation and conference dinner.
